**Grays Harbor County is located on the Southwest corner of the Olympic Peninsula along the Pacific Ocean. In no other county can you stick your toe in the Pacific Ocean one hour, and the next hour, be in the lush rain forest.** There are over 50 miles of pristine beaches to walk, beach comb or just get cozy in your room or at your campsite and watch and hear the majestic waves lapping the beaches. There are many photo opportunities to create memories for your family album. Unforgettable Grays Harbor is waiting to welcome you.
